

Avneesh Jadhav

+91 9545457385 | avneeshjadhav1@gmail.com | [in avneeshjadhav](#)
Pune, Maharashtra, India

EDUCATION

BE - Computer Engineering, University of Pune
2022- 2026 (Ongoing)

SKILLS

- Automation
- Machine Learning and Deep Learning
- Docker
- Python
- JavaScript
- Rust
- Linux
- n8n
- Data Structures and Algorithms
- OpenCode

ACHIEVEMENTS

- Research paper selected for the 11th ICTIS conference in Bangkok, Thailand
- Golden badge on HackerRank for Python, C++, Java, and Problem Solving
- 250+ Problems Solved on LeetCode

CERTIFICATIONS

- Machine Learning Specialization - Stanford University
- Supervised Machine Learning: Regression and Classification
- Advanced Learning Algorithms
- Unsupervised Learning, Recommenders, Reinforcement Learning
- Fundamentals of Deep Learning - Nvidia
- Oracle Cloud Infrastructure 2024 Generative AI Professional
- AMCAT Certified Software Engineer - IT Services
- Introduction to Model Context Protocol - Anthropic
- Oracle AI Vector Search Professional
- Model Context Protocol Advanced Topics

PROJECTS

- AI Powered Healthcare Claims Assistance Platform (2026)
- Autonomous Lead Generation/Client Outreach System (2026)
- LLM-based chatbot with Retrieval Augmented Generation (Aug 2024)
- Voice AI system for fully automated inbound call handling (Feb 2025)
- AI Lead Qualification and Appointment Setter Agent (Jun 2025)
- Automated LinkedIn Content Generation System (July 2025)
- Housing Prices Prediction Model using Linear Regression (Feb 2024)
- Credit Card Fraud Detection Model implementing Binary Classification (Jan 2024)

EXPERIENCE

Technical Team Member, Association of Computer Engineering Students

Key Responsibilities:

- Conducting workshops on technical skill improvement.
- Mentoring juniors.
- Organizing upcoming events.
- Content curation.

PERSONAL DETAILS

- Date of Birth: 28/01/2004
- Languages Known: English, Hindi, Marathi
- LinkedIn Profile: <https://www.linkedin.com/in/avneeshjadhav/>
